Chain belt conveyor Avermann, type KGF GB 1500, yoc 2015, dimensions 6,686 x 7,642 x 1,479 x 1,400 mm, height drive axle above ground 3,183 mm

The conveyor belt is already dismantled, stored and available at short notice. An inspection is possible by arrangement. We accept no liability for the technical details or any errors.

Technical data for the chain belt conveyor:
Manufacturer Avermann
Type KGF GB 1500
Year of construction 2016
Length feeding belt 6.686 mm
Length ascending conveyor 7,642 mm
Gooseneck 1,479 mm
Effective conveyor width 1,400 mm
Width of belt 1,500 mm
Height side wall feeding belt 500 mm
Side wall height ascending conveyor 800 mm
Drive power 5.5 kW
Height of drive axle above ground 3,183 mm
Height of conveyor belt over all, measured at gooseneck 4,278 mm
Weight approx.. 6,5 tons
Pit dimensions 11,050 x 2,500 x 1,200 mm

Comments:
The conveyor belt is already dismantled, stored and available at short notice. An inspection is possible by arrangement. We accept no liability for the technical details or any errors.
