

Feed hopper with hydraulic moving floor and bag opener, manufacturer BRT Hartner GmbH, type HP5-3035, yoc 2015, hopper volume 30 m³

The feed hopper with bag opener was in use at a large recycling company, where waste in bags was tipped into the hopper with wheel loaders and the bags were opened via the bag opener and the waste was conveyed in doses for further processing. The system worked perfectly until it was dismantled and was replaced by a larger system with a higher throughput capacity. The machine is in good working condition.

Technical data Feed hopper with hydraulic moving floor and bag opener:

Manufacturer BRT HARTNER GmbH

Type HP5-3035

Year of construction 2015

Hopper volume 30 m³

Drive line 17.5 kW

Dimensions in current state 13,200 x 3,050 x 4,350 mm (L x W x H)

Condition of the machine:

The feed hopper with bag opener was in use at a large recycling company, where waste in bags was tipped into the hopper with wheel loaders and the bags were opened via the bag opener and the waste was conveyed in doses for further processing. The system worked perfectly until it was dismantled and was replaced by a larger system with a higher throughput capacity.

Comments:

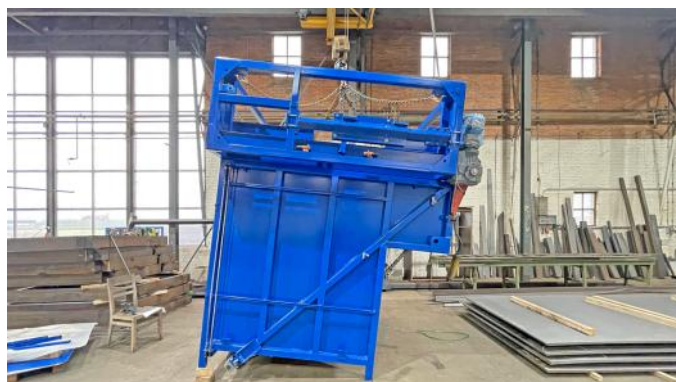

The machine is currently being overhauled in our workshop. The photos show the machine in the current overhaul phase, so the system has not yet been fully reassembled. Once the overhaul work has been completed, probably in February 2025, the machine will be tested in operation without the use of materials.

The documentation (Manual, CE-declaration, electr./hydr.-drawings), are completely available. Inspections are possible after agreement. We will not assume liability for the given technical data and possible errors.
